

Conexión Android: WiFi UCEN

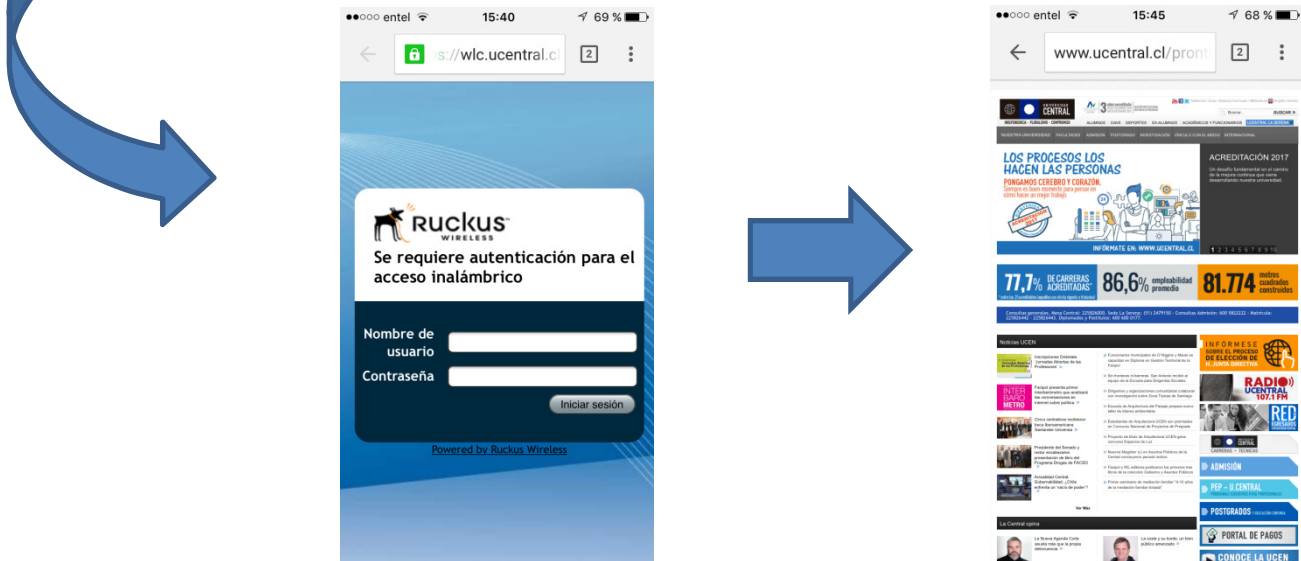

Conexión iPad: WiFi UCEN

The diagram illustrates the process of connecting an iPhone to a Wi-Fi network in three sequential steps:

- Step 1: Selecting the Network** - The user is in the 'Configuración Wi-Fi' menu. The 'Wi-Fi' toggle is turned on. Under 'SELECCIONA UNA RED...', the network 'WIFI UCEN' is highlighted with a blue checkmark.
- Step 2: Entering the Password** - The user is prompted to 'Ingresa la contraseña de "WIFI UCEN"'. The password field is filled with dots, and the keyboard is visible below it.
- Step 3: Connected State** - The user is back in the 'Configuración Wi-Fi' menu. 'WIFI UCEN' is now the selected network, indicated by a blue checkmark and a lock icon.

Conexión Windows: WiFi UCEN
